Subject: Maryland CAFO Information

Mark/Ashley:

Attached is a spreadsheet of all of the active NOIs we are working on in our program per our 106 grant reporting requirements. There are two lists on the same worksheet. The first is a list of all those CAFOs and MAFOs that have been registered to date. The second list contains those that we are currently processing (those with CNMPs and other required plans) and those that we are waiting for a complete application (usually waiting for a CNMP or other required plan). Contact me if you have any questions.

Gary
